This course is designed to help educators work with their students on many of the social issues that occur during Internet use, from "flamers" to harassment, from bullies to predators. The training raises these issues in a teen-friendly format, providing sound advice about a whole new world where teens can have fun, do research, play games, and learn, with little fear of harm because they know the risks and know how to protect themselves. Strategies for safe and responsible Internet use are provided in the form of 12 simple rules.

A Certificate of Completion can be earned by scoring 80% or better on all Post-Assessments. A Badge can be earned by scoring 90% or better on all Post-Assessments.
