The Drug-Free Workplace

Product Id (063049)

🕒 22m 51s | 📁 Safety & Compliance | 📦 1 module(s) | 📶 All

Even if drug-free workplace training is not legally mandated in your business or industry, everyone benefits from raising employee awareness on the impact that drugs or alcohol can have on your workplace. Performance and safety sink fast when employees abuse alcohol or drugs. Others may feel they have to take up the slack when their coworkers attempt to work under the influence—falling short of expectations and increasing the risk of accident or injury. This brand new release features believable scenes in construction, manufacturing, hospitality, food service, and business. It raises your employees' awareness of this widespread problem, shows the harm that can be done to themselves and others, and encourages them to get help if they or a coworker is affected by drug or alcohol abuse.

A Certificate of Completion can be earned by scoring 80% or better on all Post-Assessments. A Badge can be earned by scoring 90% or better on all Post-Assessments.
