✔ Has resources

LearnKey’s Azure Fundamentals (AZ-900) course provides a fundamental introduction to cloud services with an emphasis on Microsoft Azure. The course serves as an excellent steppingstone to learning Azure further as it will prepare students for the AZ-900 exam, a Microsoft exam on Azure Fundamentals. Specific topics covered in this course include cloud concepts, core Azure fundamentals, security, privacy, compliance, trust, pricing, and support. This should be the first course for anyone aspiring to improve their employability prospects for any Azure Administrator, Developer, or Data Analyst career path.

A Certificate of Completion can be earned by scoring 80% or better on all Post-Assessments. A Badge can be earned by scoring 90% or better on all Post-Assessments.
