## Azure AI Fundamentals (AI-900)

Product Id (374399)

🕒 4h 45m 21s | 📁 Artificial Intelligence | 📁 5 module(s) | 📶 All

✔ Has resources

LearnKey's Azure AI Fundamentals (AI-900) course is an introduction to building artificial intelligence (AI) machine learning models through Azure. The course also covers basic AI concepts, giving those who take this course an increase in skills needed to land an introductory AI-based job. Specific exam topics include AI workloads and considerations, fundamental principles of machine learning, computer vision workloads, Natural Language Processing (NLP) workloads, and conversational AI workloads.
