🕐 5h 14m 4s | 🏷 Adobe CC 2018 | 📚 5 module(s) | 📶 All

✔ Has resources

The Adobe Illustrator CC 2018 course introduces both new and experienced users to Illustrator CC preparing the user for certification and improving their employability in the design industry. This course teaches the basics of working in the design industry including identifying an audience and their needs, communicating with colleagues and clients, and understanding copyright. You will also learn how to navigate, organize, and customize the application workspace; organize and streamline document workflows; create and modify text and graphic elements; and how to publish your project in web, print, and video formats.

A Certificate of Completion can be earned by scoring 80% or better on all Post-Assessments. A Badge can be earned by scoring 90% or better on all Post-Assessments.
